This book entitled The Master of Murder : The new town is the first book of the series The master of everything. It is merely about Alex to prove her innocence by finding the real killer.

Alex felt like she was going to burst from excitement! This town sounded like a lot of fun. She was forcing herself not to think about winter. She had months before she had to deal with that. All she needed to worry about now was settling into her new job. Bill had dedicated his life to making sure some objects were preserved, housed, and researched to the best of his ability.

Every object had a place, and Bill could tell you where everything went, which made some of the database documentation lacking. He had gotten better in recent years, but the further back in the collections room you got the less database documentation there was. Bill simply hadn't gotten there yet. Alexandra Hamilton moves to Braxton, Wyoming to start her career as a Collections Manager.

Not long after her mentor and boss is murdered in their office. Soon other museum professionals are in danger. Braxton PD hasn't had a murder in years and are focused on only one suspect: her. Alex must prove her innocence by finding the real killer.
