The Human Rights Handbook: A Global Perspective for Education

Liam Gearon

The Human Rights Handbook: A Global Perspective for Education Liam Gearon

An authoritative guide to human rights for teachers, students and researchers. It presents an increasingly complex field in a straightforward and accessible manner. Each chapter has a similar user-friendly format. The chapter summary is followed by a general introduction to the theme. International legal standards are set out in a selection of key documents. The relevant human rights organizations are described: UN, regional-governmental and non-governmental (NGO). Because the handbook does not claim to be exhaustive, each chapter concludes with a brief selection of additional resources for further reading and research.
