Gaian Angels, Book 1: The Weavers Awake Iom Kosta

**We scour the heavens in search of visitors, but what if they're already here amongst us—just waiting for their awakening? And what if...you're one of them?**

Arcadia leaves Aden and her idyllic Sylvan City to go to Earth and join the team of scouts charged with rescuing humanity, which is in danger of extinction. She comes to life as the author and observes our society from a different perspective.

But this spiritual struggle across time and dimensions has unexpected repercussions.

Who is really pulling the strings?

Perhaps the Akashas: the angelic entities. What is their real intention?

Will humanity survive? Maybe Consciousness will disappear...or never see the light of day?

*This 'journey of investigation' pushes the boundaries of reality to blur the lines of what separates the true story from a fantasy novel.*

*Much more than a warning about the wasteland that the human race is preparing for its own future, the Gaian Angels Cycle is a new answer to the eternal question: what is the meaning of life?*

**This first book can be read independently of the trilogy.**

**Also available in print.**
