Winner of the International Digital Awards for Paranormal Short Fiction.

Army Major Hannah Jackson knows where the skeletons are hidden at the Pentagon and now she's been tasked with keeping the secrets of Army Special Sci Ops Unit 69—the Wolves—and their secret is a doozy. That a civilian corporation wants to exploit the Wolves is a matter of pressing concern.

Sergeant Major Ian McIntire doesn't trust Hannah as far as he can throw her—and that's quite a ways considering he's an alpha werewolf. The woman is a pain in his butt and with the Blood Moon coming, the unit needs to complete their mission and get home before tempers flare. While she might know most of their secrets, the one she doesn't know about the moonstruck Wolf might just get them all killed.

When a covert operation goes wrong, Mac must trust Hannah to save his men—and his heart. Secrets, lies, and betrayals are more personal under the full moon, but when a Wolf loves a woman, he'll do whatever it takes to keep her safe.

Warning: Pursue an alpha Wolf at your own risk. Hot sex, bad words, and action of the blood and guts kind will ensue.
