Do you own a cat, or have been daydreaming about getting one as a pet? If so, this is the book for you! This is a story of a man and his cat with insight -- from both ends -- on what to do if you find yourself in such a conundrum.

New author, Stone Jett, presents a story of the initial meeting at the pet shop, all the way to who is actually the one being held captive: is it man or is it cat?

You will grasp a cat's outlook through Bixby, who is full of attitude and an anti-social personality, while learning of the multitude of tasks required to unravel ownership of a cat through one man, Lloyd's voyage on how to train, bathe, give a pill, and other rules involved when living with a cat. It is all presented in this hilarious tale of a man who believes that purchasing a cat is what he's missing in his life. Or is it?

This is the perfect gift for any crazy cat lover, as well as anyone who respects the hilarious nature of cats!
