## **Critical Thinking: Learn How to Improve Your Intelligence and Make Clever Decisions (Critical Thinking, Critical Thinking books, critical thinking skills) Miguel Nichols**

The fact that you are contemplating this book tells me that you are an intelligent individual looking to better yourself, yet looking for some support along the way and an idea on where to start and how you should progress on this journey.

How often have you admired a successful person and thought to yourself I wish I was like that? There are very few people that could honestly say that they never wished they were someone else or could at least live within someone else's shoes just for a week. Whilst this book will not see you trying on the shoes of a big celebrity it will show you that you are just as clever and with the right training there is no reason why you cannot be just as successful in your own way.

## **This book looks at many topics that relate to or are compulsory elements of intelligence including the following:**

- How to understand intelligence
- Be smarter and increase your IQ
- Skills and meditation to improve the brain
- The Brain Evolution System
- Enhance your brain with everyday functions and objects
- Beverages to boost the brain
- Emotional intelligence
- Pathway to a better brain
- Successful people are more than just smart
