## A Tale of Forbidden Love among Bears

James and Katie **grew up together**, experiencing everything a normal human would. In their teens they both discovered they were **shifters**, capable of turning into **giant, powerful bears**.

Katie had spent the past several years becoming a veterinarian. She hadn't seen nor heard from the boy she **grew up with** in over seven years, aside from an occasional email.

When she finally finishes school however, a **job offer magically appears from James** without any warning. It's the perfect opportunity to start her career, something she **can't pass up**.

Mysterious James has kept a lot **hidden from her** though, ever since he sold his company for billions and 'retired' to a small community in the mountains.

Upon arrival in Lockwood Narrows, Katie rediscovers the feelings she had thought buried away, when James **can't keep his eyes off her changed body**.

Their **burning inner passion** has been held at bay for long enough. It's time for Katie to **discover everything** that James has found out.
