Religion and Democracy in Taiwan Cheng-Tian Kuo

In *Religion and Democracy in Taiwan*, Cheng-tian Kuo meticulously explores various Taiwanese religions in order to observe their relationships with democracy. Kuo analyzes these relationships by examining the democratic theology and ecclesiology of these religions, as well as their interaction with Taiwan. Unlike most of the current literature, which is characterized by a lack of comparative studies, the book compares nearly all of the major religions and religious groups in Taiwan. Both case studies and statistical methods are utilized to provide new insights and to correct misperceptions in the current literature. The book concludes by highlighting the importance of breaking down the concepts of both religion and democracy in order to accurately address their complicated relationships and to provide pragmatic democratic reform proposals within religions.
