Love is eternal like the truth. Love is nature like the mother. Love is sacred like the lord. Love leads life like the rudder of a ship and the soul of a body. For life, love is the basis and turns life as oasis. Love is the core but never a bore. True love finds perfection in imperfection. Love is not to look the feature and leave but to weave the future. Love fills each other's mind, heart and soul with eternal love. Love comes like a magic and also with proper logic. Love erupts like a volcano. Even the silence seduces the soul in love. Lovers feel each other as the soul of the soul and the light of the life. Beauty is within and with it one can win. External beauty fades and internal beauty pervades. Love may open the floodgates to enjoy and is the arsenal for joy. Love is learning the language of the loved one. It is an alignment of the hearts between the two. Lovers become a pair to share life. Love don't have a Sunday as the Sun doesn't have one. One can be anything and everything for the loved one. One also becomes everyone and anyone for the lured soul. Love leads each other, to take liberty to feel as if the owner of the other person. Love leads to feel pleasantry though it is a practical chemistry. True love shall last, till the last when faith becomes the royalty. Love drives one to diagnosis the dear one and hence it is a medical diagnosis also. True love is won by soul. Love transforms to give each other everything and to care for each other in everything. Love is to appease the soul. Love can cause a change and cure a feeling strange. Love is a flame that may set the other aflame, in love. Love is a unique feeling. It is better to feel it rather than to narrate it. It is best to live it. It is worst to suffer it. With this melting feeling, the Poet had penned in a touching way, the various state of the mind in love. When the love solaces than solitude, then love is better. If expectation fails but love wins, it is gain. Pains you face till you win a soul, are miserable. Pleasures you pin with a lovable doll, are ample. Facts are ample, as recorded in history! For love is a misery as well a mystery!!

This book consists of 100 poems elegantly expressing the emotions of love. Many sounds with matching rhythms and the reader may feel the joy and touch in the heart. The Poet was overwhelmed by love in such a way and to such extent that he had compiled three volumes of poetry only on love. The reader may dip into the sea of love and get refreshed, solaced, comforted and contended.
