## **Fifth Dimensional Healing** Wayne Lone Eagle Darling

This simple, yet comprehensive guide touches on many well known healing modalities such as crystals and minerals, aromatherapy, color and sound, feng shui, and candles, as well as less familiar healing techniques.

Wayne receives ancient magical knowledge from the Old Ones. Drawing on past life recall, his Native American heritage, and his intense connection with the crystal and mineral kingdoms, he shares his experience and unique healing insights. This book is strongly rooted in the five elements of multi-dimensional healing available to us right here, right now.

Some of what is covered:

- \* Learn to communicate with crystals and minerals - they are your friends.
- \* Explore earth for power vortices where your natural energy flow will be enhanced and enriched - visit some of the planet's strongest magnetic points and allow earth energy to heal you.
- \* Communicate with the celestial beings and constellations - ask for their assistance in improving weak areas of your life.
- \* Find out where Earth's water is still pure, potent and powerful as a healer.
- \* The Ancients used laser surgery long before machines were invented - you can also use it to heal yourself.

Fifth Dimensional Healing is about the sweetest of medicines, it is about love and integration of the many gifts we have. It is about learning how to enrich our lives by living in harmony with nature and unleashing our unlimited potential.
