Writings in this book discuss radiocarbon dating in historical perspective. The application of the ^{14}C method to archaeology materials are considered to be watershed in prehistoric studies. In 1948 Willard F. Libby delivered a public lecture which was describing basic validity of the ^{14}C method, and since that time, the method has been the subject of long-term study. Archeologist, who used ^{14}C method for their studies were concern for potential errors. This book gives an insight of archeological perspective on ^{14}C dating.
