Communication Yearbook William B. Gudykunst

Volume 24 in this series is devoted to addressing the current status of theory and research in each of the International Communication Association's divisions or interest groups. Chapters look at the parameters of the groups, the relationship of the group to other groups, the major theories used in the group, the research that supports these theories, the major lines of research in the group, and the major issues with which scholars in the group must cope in the next century.

As a whole, **Communication Yearbook 24** provides a unique summary of the field of communication at the end of the 20th Century and the beginning of the new millennium.
