**Tranceformers: Shamans of the 21st Century** John Jay Harper

*Tranceformers: Shamans of the 21st Century* opens with the circumstances of this author's contact with a "dead" optics physicist colleague that set him adrift on the ocean of other-people's opinions—not facts—concerning life-after-death. Desperately searching for scientific answers to his myriad spiritual questions, Harper finally landed on solid intellectual ground only after he paradoxically anchored himself to the Rosetta stone of *trance* that unified the purpose of religion and science into one truth. Indeed, he learned that we are all becoming fifth-dimensional beings of light with third eye open "psychic" solar powers once again. Harper saw that what astronomers define as Solar Cycle 24 between the Venus transits in 2004 and 2012, astrologers had symbolically portrayed as the Eternal Return of the Sun of God. This is an easy-to-read book offering words of wisdom as we enter into the Age of Aquarius—The Water Bearer of cataclysmic Earth Changes.
