Today only, get this Amazon bestseller for just \$1.99. Regularly priced at \$4.99. Read on your PC, Mac, smart phone, tablet or Kindle device.

Humans, being social beings, have a unique and intelligent way of communication. However, there are times when children encounter difficulty developing their communication skills --- particularly their language skills. Some children are not able to cross the milestones of speech production, i.e. babbling words or syllabication.

Speech delays in children can be a source of apprehension and concern in both parents and the children themselves. This condition, however difficult, is not insurmountable. With love, patience and understanding; parents can help their child overcome this disorder.

This booklet goes over the fundamental of Speech Disorders; and techniques, strategies and exercises available to help your child make progress in their communication abilities.

Here Is A Preview Of What You'll Learn...

- *A better understanding of the basics of language and speech disorder
- *How to determine if a child is having difficulty with speech development
- *Parenting tips in raising a child with speech disorder and a lot more...
