Dream Patients: The Simple 4-Step Formula For Making Yourself Irresistibly Magnetic To Your Ideal Patients

If you'd like to flood your practice with as many Dream Patients as you can handle... regardless of how competitive your location, this is the most important book you'll ever read. This is NOT about dominating Google, nor messing around with social media, groupons or any other unpredictable "Tom-foolery" that only wastes your time and money.

Rather, this book reveals a little-known proven strategy for attracting as many ideal patients as you want, at the drop of a hat. This book is dramatically different from anything you've ever read because it's more of a "field guide" to advertising for massive practice profits than a traditional "book." The reason why is because there's no fluff or filler. It immediately gets down to brass tacks, showing you exactly what to do, how to do it, and why.
