Arthur Schopenhauer

El arte de tener razon (Spanish Edition) Arthur Schopenhauer

El arte de tener razon es un pequeno tratado escrito por el filosofo aleman Arthur Schopenhauer, basado principalmente en los Topicos de Aristoteles. En esta obra Schopenhauer recopiló treinta y ocho estrategias, ""ardides"" o ""trucos"" dialecticos, argumentaciones desleales y enganosas, utilizadas en las discusiones cuando uno de los contrincantes desea que prevalezcan sus tesis u opiniones sobre las del adversario, aun sabiendo que estas son absurdas o plausibles o que no lleva razon alguna en el asunto a discutir. Se trata de una obra cumbre sobre el arte de discutir. / The Art of Always Being Right catalogues the 38 subtle tricks businessmen, negotiators, politicians, and lawyers use to gain advantage. It may well be that you are in the right. But once you enter into a debate with someone else being right is not enough- you need to parry moves designed to throw you off. This book will teach you all you need to know.
