The portal shimmered, a glowing, pulsating purple mass. At once, retracting and expanding, the formless shape was kept in check by a standing ring of obsidian.

Without notice, the portal swelled and took the shape of a human. From its grasp emerged Allaire, stepping casually into the End World. Allaire was an ancient woman, though her body and face showed no signs of aging. She appeared as a woman in her late twenties, a woman in her prime. Her long black was tied back in the customary braid of her rank.

Within the Enders, she held the highest rank achievable by a human. This allowed her to pass through the portal into the End World, the only one of her kind to do so. Ready to serve her Master's will.
