## **Conan Doyles Wallet: The Creator of Sherlock Holmes: Conan Doyles Wallet: The Creator of Sherlock Holmes** Mr Patrick M. McNamara

A number of years ago, British Psychic Medium Patrick McNamara, went to an auction containing a number of items belonging to the famous author, Sir Arthur Conan Doyle. Having previously viewed the auction items at Christie's in London, Patrick knew exactly what he wanted to win: Conan Doyle's Wallet. The book begins with details of the main events in Arthur Conan Doyle's life with background on his most famous creation, Sherlock Holmes. You will discover how Arthur lived his life from a spiritual basis. He was a decent, honourable, and a loving family man who earnestly believed in promoting life after death. He travelled the world and spent nearly a million pounds of his own money (a fortune in his day) doing so. There are chapters dedicated to his life describing how he brought cross country skiing to Switzerland, help found Portsmouth FC and played in goal, was a great cricketer playing for M.C.C at Lords, a keen boxer, played rugby, golf and an excellent billiard player. He was a keen photographer who wrote articles for The British Journal of Photography, fought campaigns for two prisoners and got them released, the result of which inspired the Court of Appeal to be setup. Not forgetting he was a Doctor, war reporter, served on two ships as a medical officer, historian, psychic investigator, and stood for parliament twice, unsuccessfully unfortunately. He never stopped writing, producing over 60 books and wrote plays. Patrick describes the friction and tenuous relationship between himself and Harry Houdini. There is a whole chapter on Houdini's little publicised attempt to cheat his way out of a psychic experiment, and the secret coded message he setup with his wife which was given in a communication to medium, Arthur Ford. Houdini's wife confirmed while present in the sitting, that it was the agreed code setup by Houdini. Houdini said he would come back, and he did. But afterwards and even still today, Magicians and other self interests have tried to discredit the message given by Arthur Ford. They tried to dismiss his wife's truthful acknowledgement that the message was a secret known only to herself, and Houdini. Through the fascinating contents in the wallet, Patrick began to spiritually communicate with Sir Arthur. The contents had over 30 items and provided an insight not only into Sir Arthur's life, but also to the things that were most meaningful to Conan Doyle: his family, his belief in the afterlife, the search for truth, and some spirit messages Sir Arthur himself received from the spirit world before he passed over. There are chapters on Physical Mediumship, Reincarnation, Spiritual Growth, Spirit Guides, Ghosts, Spirit Guides or Angels, and the Hell Regions in spirit, including a chapter on how to develop Mediumship, an introduction to Physical Mediumship that Patrick demonstrates, and how to grow spiritually as a person and much more. Based on Sir Arthur Conan Doyle's revelations, this unique book helps readers understand that the way we live our lives here on earth can affect our spiritual transition into the afterlife, and conveys a philosophy for a better life.
