Men of the Mountains Jesse Stuart

Written by a beloved American author who grew up in the foothills of the Appalachians, these twenty-one short stories explore the daily lives and activities of Kentucky mountaineers.

Life, animate existence, absorbs Jesse Stuart. Never is it more vital than when juxtaposed with death, hence the contrasting motifs of life and death permeating his work. In this book, Stuart tells the stories of the hills and the men who live there. They "curse the mountains," but love them too, he says. Existing in dimensions of real geography and elaborate imagination, Stuart moves easily between autobiography and fiction and often does not bother to distinguish one from the other. Greenup County, Kentucky blends into Greenwood County, and W-Hollow in both fiction and fact is subject to the proprietorship of the bard of Appalachia.
