"Pieces of Olivia is touching, witty, endearing, complicated and full of all the things a reader wants in a great New Adult read."*

Olivia Warren used to be a normal girl with a bright future. But on one fated night, everything changed.

Hiding the scars of her past up her sleeves, Olivia transfers her enrollment from Columbia University to The College of Charleston, determined to pursue her own dreams for the first time in her life.

She intends to allow herself a bit of alone time to heal... that is, until she meets Preston.

Preston is best friends with her roommate, completely hot, and off-limits. But the chemistry between them is instantaneous--and as the pair begins to spend more time with one another, their feelings for each other build into something undeniable, something powerful enough to heal Olivia's deepest scars.

Olivia tries to put her own past behind her and trust Preston, but she discovers that his past might be more present than she ever bargained for...

"Olivia and Preston are going to tug on readers' heartstrings in all the best ways."
