The God which this country is under, is identified in the Founding Father's Declaration of Independence as the Creator; who endowed man with certain unalienable rights. According to the US State Department, The Great Seal of the United States of America symbolizes the beliefs and values America's founding fathers wished to pass on to future generations. This book equips anyone who wishes to effectively teach children about the beliefs and values America was founded on and an understanding of the God America is under. Each of the 28 elements of the great seal has a lesson plan, reference material, and templates to construct a beautiful collage of the great seal. Additionally information is provided to facilitate an awards ceremony to present the groups art to a deserving individual or organization. This book is presented in a durable ring binder that protects the contents for repeated use for many years. This is an ideal gift a patriotic minded citizen can present to a schoolteacher, 4-H leader, scout leader, Sunday school teacher or many other teaching adults. Military veteran service organizations receive 10% of profits! Follow Henry Brown and Washington Management Institute on Facebook.
