Answers By God: Death - Why You Die - Where You Go - What You Do (The Enigma Series) William Allan

This book explains the true nature of death, why it is necessary for continuing life. I explain what happens when you die, what new dimension you will enter and what to expect when you no longer have a physical body.

I explain what it is like in the "After Death Dimension", how you will materialize a new body, appearing much like the body you left behind, but with far more freedoms and capabilities.

I also talk about how the survival personality can perceive and in many cases, communicate with those left behind in the Earth reality system. I explain the purpose of the "After Death Dimension", and what you will be doing there to prepare yourself for a new life on Earth or in some cases, moving into new and more challenging reality systems.

You will learn why death is a necessity for the continuing evolution and progression of the personality. I explain the aging process, why you get old and why the aging process is necessary from the standpoint of the Soul and the Entity. You will learn how the time and place of your future death is known from the day of your birth, yet, death is not pre-ordained and can be changed up to the last minute.

I explain what happens between reincarnational lives and why this in-between period is necessary as a place of rest and recuperation after completing a life on Earth, and before returning to Earth once again as a new personality.

After reading this book, you will know everything there is to know about all aspects of the death experience, so there will be no surprises when that time comes, and there will be nothing to fear.

Your identity will never be terminated, extinguished or compromised in any way, and all memories will be retained. Your identity is eternal and it's all Good.
