Billionaire Romance: Addicted, Parts 1-3 - A Billionaire Romance Series (Billionaire, Contemporary, CEO, Short Story) Taylor Blair

Part One

Jamie Newport has never had an easy life. With drug addicted and alcoholic parents, she was born a mistake and has never been made to feel like anything more. But she's trying, hard, to make something of herself...just enough to escape the sordid world she was born into.

When she finds her father in bed with another woman, she has it out with him, and goes to spend the night with her friend, Abigail. She's never been to Abi's apartment before, and immediately feels awestruck by what she sees. Luxury, opulence, and total comfort – three things Jamie has never herself tasted.

Abi, however, seems a little embarrassed by her apparent wealth, and soon the reason becomes apparent – it's her brother, Lance, who pays the rent. In fact, her brother just happens to be a world renowned architect...and a billionaire too.

Just hearing about him is intimidating, but Abi has one more surprise – Lance is coming for dinner too.

As soon as he arrives, she's stricken by nerves. Not only is he rich, but gorgeous as well...much too handsome to be interested in a girl like her. Or, at least, that's what she thinks.

But the truth, when they get a moment alone together, might just perk up her miserable life...

Part Two

It's amazing how quickly life can change. Meet the right person, and everything can flip in reverse. And so Jamie finds out.

After spending a great dinner with Lance, she feels an immediate bond with him. So much so that, when Jamie ends up hitting her father over the head with a bottle during a fight, Lance is quickly there to help pick up the pieces.

In the blink of an eye, Jamie finds herself back at Lance's apartment, and their newfound lust quickly begins to take hold. However, there are things on Jamie's mind, and she feels compelled to go home.

There, she finds her mother drunk. She won't press charges against her husband despite everything, and Jamie is sick of it. When her dad returns, things take another ugly turn...but once more, Jamie's knight in shining armor is there.

But how many times will he be able to save her?

Part Three

Life is looking up. Months have passed, and Jamie has moved away from the toxic environment she grew up in, and into the luxury of Lance's life. Her work is getting better, her social life is improving, and for the first time ever, she feels herself falling in love.

But the past has a habit of catching up with you, and she knows that the shadows behind her will eventually nip at her heels once more. The question is, will she get her happy ending with the beautiful billionaire? Or will her old life envelop her once again?

Only time will tell...
