Almost all of the world's men are gone. It took a single catastrophe. The pandemic wiped out most of the population early in the twenty-first century.

From the wreckage an asexual, matriarchal society flourished and men live separately from women.

Mia conceals a secret. Unlike most women, she burns with a desire for one man, at a time when such feelings are taboo.

Rayfe is a smoldering, sexy sweet-talker but is he sincere? He works in the only brothel that caters to heterosexual women, deviants like Mia.

Dr. Mia Silwood is a science prodigy, a brilliant thinker at the top of her field. A low birthrate threatens humanity's future and her discoveries could save us from extinction.

But she will have no influence if exposed as a deviant.

And there are powerful women with vested interests in Mia's work

Must she choose between her career or her love for a man?

All characters in the book are over 18, as the readers should also be. This book contains adult content.

A forbidden love romance story in a dystopian matriarchy.

48,000 words.

A stand-alone book. Does not end with a cliffhanger.
