Crusading Warfare, 1097-1193 (Cambridge Studies in Medieval Life and Thought: New Series) R. C. Smail

This is a revised edition of R. C. Smail's classic account of the military achievements of the Crusaders in the context of a 'feudal society organized for war'. A new bibliographical introduction and an updated bibliography have been provided by Christopher Marshall, while the original plates section has been replaced by a series of new subjects. In covering the period 1097-1193, this edition also complements Dr Marshall's own *Warfare in the Latin East, 1192-1291*, also available in a paperback edition.
