Project Shifter: Werewolf V. Stylist (MM MPREG Paranormal Romance) Morgan Kessler

His Royal Highness Prince Victor Maximovich Antonovich of Loskutovia has a problem, a serious problem, and he doesn't know it yet. He thinks he knows what his problems are. First problem he knows about is that he can no longer put off a Royal duty he's been dreading his whole adult life. It's time to find a suitable mate, which means a female, because no man can give the country what it desperately needs now - an heir. She'll become the future Queen of Loskutovia, just as he'll assume the throne after his ailing father passes. His other problem that he knows about is his pesky feral wolf condition which has kept him in a self-imposed exile from his country for the last several years. The witches in Loskutovia have been able to keep it at bay for hours at a time with their potions, but he's going to need stronger magic if he's to become King of Loskutovia.

It's time for him to Prince Up and he's off to America to perform his duties. With a much larger pool of eligible female shifters to choose from he's hoping to find a woman he can do business with, and maybe there's a more talented pool of witches there as well. One that can make him a potion that will not only help with his feral wolf condition, but might also help him forget that he'll never again be able to make love to a man under the moonlight, once he's mated and married under the Old Rituals.

But when Prince Victor arrives in New York, he gets the first glimpse of an even greater problem. Out of the blue, he starts to turn into some kind of hairy fur covered freak! Bad timing. He'd supposed to start interviewing potential brides within the next few days and they're going to literally run away screaming at the sight of him!

Mikey Sean Sean is an ordinary human, or so he thinks, and he's having a very, very bad day. Not only has his bank account been drained, but his collection of designer clothes has been cleaned out. Worse than that, the only thing he had of his mother's, a sock full of her costume jewelry had been taken as well.

Turns out, he's been robbed by his pretty boy, boyfriend, Hector. He's been the victim of a not so uncommon con, the police say. Hector probably isn't even his real name and there's not much they can do for him, unfortunately. To his surprise, the landlords at his door, claiming he's three months behind on the rent. Those rent checks he gave to Hector to post - well, obviously they never made it to the landlord.

So, yes, he needs money and he needs it fast. When he gets an offer out of the blue; can he do the Queer Eye for the Straight Guy thing for a some rich Russian with a severe body hair problem?

Hell, yeah! Send the limo! Mikey Sean Sean, New York City's Premiere B-List Fashion Stylist to the Rescue!
